E-Filliate Inc.

California, USA

Sept. 2012 - Present

Graphic/Production Design

Design graphical assets for the company's various branded product lines. Branded product lines includes Tech & Go for Walgreens, GoGo Tech for UPS, Kathy Ireland Connect for Kathy Ireland World Wide, and Fusebox for Lowe's. Produce photographic assets for various branded product lines. Prototype and produce various branded product's packaging and display. Conceptualize and prototype various branded products. Manage high volume productions of various branded product's packaging and display, internally and or with local/national vendors. Assist in managing high volume international productions of various products and displays. Assist in the production of a quarterly printed catalog for Cyberguys.com

Achievements: Help develop and maintain Walgreens' Tech & Go brand that has since generated \$200 million in sales.

Help launch the Kathy Ireland Connect brand from concepts to a full range of retail products.
